Wildlife Management Meeting

By David D. Olson, County Extension Director

Hunting club owners, deer hunters, and farmers will have an opportunity to attend two special meetings on Monday, November 17 in the Grayling County Building, and Tuesday, November 18 at the Curran Townhall. "The Facts About Wildlife" will begin at 8 p.m. in both locations.

Glen Dudderar, Extension Wildlife Specialist; David Olson, County Extension Director; and a pulpwood company forester will be the speakers. Mr. Dudderar will discuss wildlife management practices and how they affect population of wildlife.

The forest cover can be managed to favor certain types of wildlife, according to Dudderar. Private forest owners must do their part in managing wildlife. They own two-thirds of the forest land. A successful program of timber growth, wildlife production, and recreation can be developed for all private forest owners.

David Olson will discuss the timber management assistance available to owners. According to Olson, a private owner can receive valuable technical advice from forest industry, forest consultants, and public agencies.

The pulpwood company representative will explain industry services available to landowners. He will also discuss the current and future marketing outlook.

These meetings are scheduled during deer season so urban residents hunting in northern Michigan can have an opportunity to attend.

Cooperative Extension Service programs are open to all without regard to race, color or national origin.

Paper Facts

The art of making paper from fibrous matter dates back to the ancient Chinese. Paper didn't become available to the rest of the world until the 8th century. In the year 751 the Arabs repelled an attack by Chinese invaders and took a number of prisoners who were skilled in the art of paper making.

Frederic News

by Arlene Kesby

Glen's Market Tapes, Blue Bonus and Pink Bonus Coupons and Betty Crocker Coupons are still needed at the Frederic Community Library. Be sure to turn them in at the Library or one of the Frederic Business places.

Mr. and Mrs. Steve Allen of Detroit visited their parents, Mr. and Mrs. Vance Horner, over the weekend.

Attention hunters: Northland Rabbit and Cavy Breeders Association are having a pancake supper, November 15th at the Sportsman's Club of Frederic starting at 5:00 p.m. Come out hunters and get your supper.

The people of Frederic would like to send their sympathy to the family of Anita Lozon, who will be sadly missed.

Senior Citizen Potluck, Thursday, November 13th at 6:00 p.m., at the Frederic Sportsman's Club. White elephant bingo following. Bring a dish to pass and White elephant item.

First Baptist Church Of Frederic

The first appearance of our Junior Church Band under the leadership of Mrs. Maurice Alma was presented to a large group of people in our Sunday Evening service. It was very nice.

The film "The Survival" was shown to a packed church on Saturday evening. It was very good. Fellowship in the church basement was held after the film. About 150 attended the service.

The next Youth Rally will be held at Higgins Lake Baptist Church. Let's all attend and bring back the "Attendance" banner.

The monthly Adult Fellowship was held in the church basement with Mr. and Mrs. Harold Mertes and Mr. and Mrs. Ben Pratt as hosts and hostesses. Games were played, devotions were given and refreshments were served. All who attended had a very nice time. Better come out and join us.

PACK 978

On November 20th, at the next Pack meeting, the theme is American Indian Festival. There will be a very short business meeting, then it will be turned over to Jim Eagle and Jim Kline who will present a program on Indian culture and lore and perform some Indian ceremonial dances. There will be many different tribes represented that night.

The Grayling Pack 977 will also attend the meeting that night. All interested Cub Scout families and persons are invited to attend this educational program. It will be held at the Frederic School Gym at 7:00 p.m. sharp. Don't be late.

Harold Brackow,
Cubmaster, Pack 978

Take The Truck
Homeowner on phone: "Come quickly! Our house is on fire."
Fireman: "How do we get there?"
Homeowner: "Can't you use the red truck?"

A.S.E.R.T.

Did any of you readers notice cars, with CB antennas, touring your neighborhood on "Devil's Night" and Halloween Night? These were cars of the AuSable Emergency Radio Team, better known as ASERT. Although the malicious mischief and vandalism could not be completely alleviated, the Team patrol was able to hold it to a minimum. We are getting bigger and better and may be able to handle the vandalism more efficiently in the future.

Our next activity will take place the day before and during the hunting season. While the deer hunters are moving into and through this area, there will be CB cars on the roads to aid stranded motorists. There will be other CB'ers, both members of ASERT and non-members monitoring at their base stations to receive emergency and distress messages. This is done, not only as a hobby, but as a service to the community. These calls may range from a call for an ambulance to a query as to where one can get a few "brown bottles".

After the hunters are settled the Team will be standing by to help if one of the hunters gets lost. This we do only if called on by the Crawford County Sheriff and under his direction.

To the hunters the Team says, "have a good hunt and please don't get lost". To the area CB'ers we say, "Keep your set on and help those in need". There will be a lot of radio traffic, so please keep your traffic brief and concise.

A.W. Kipp
PR Officer, ASERT

Summit Sports To Open Here

Grayling's Mini-mall will become the area's quiet recreation headquarters soon. Summit Sports has announced the opening of their new location in the Mini-mall located on the I-75 business loop south, on November 17th.

Summit Sports' Grayling Outpost will carry a wide range of equipment and clothing for the sportsman. The shop specializes in non-motorized sports such as hiking, backpacking, skiing, bicycling, tennis and camping. Clothing and footwear for the sports are also included in the inventory.

The shop will be managed by Gene Skiba. Hours will be from 9:30 a.m. until 6:00 p.m. five days a week and from 9:30 a.m. to 9:00 p.m. on Friday. The shop will not be open on Sunday.

"Nordic skiing (cross-country) is our main winter product," Skiba said "and with such great terrain in the Grayling area we expect to introduce many new people to the sport. We are also very excited about the fine line of downhill skiing clothing and accessories we added to our offerings this year."

Among the lines carried by Summit Sports are Alpine Designs, Mountain Products, Gerry, Jansport, Woolrich, Eggen ski, Peter Storm sweaters, Fuji bicycle, Kastinger boots, Tiger sport shoes, Optimus camping stoves, Camp 7 and Mountain Equipment Co.

Summit Sports will continue to operate its main store location in Gaylord on Old 27 South.

Present Film Here Nov. 15th

"Eighteen," a new dramatic film, will be shown at the Joseph Stripe Auditorium on Saturday, November 15th, at 8:00 p.m. under the sponsorship of the Assembly of God Church.

"Eighteen" is a true story adapted from film from the best seller "18: No Time to Waste." It is the story of Connie Callaway, a lovely, lively, California teenager who brought fun, some heartbreak, lots of noise and finally joy and pride to her bereaved family.

Life for Connie ended in a tragic freeway crash as she journeyed home from a northern California Christian camp. She left behind a host of friends whose lives will never be the same because she came their way.

The triumph of Connie Callaway's life, even though brief, stands as a monument to young people who find real answers to life's great questions. It is also a beacon to parents who are troubled by the lives of children whom they do not understand.

"Eighteen" is a timely film coming at a moment when its unique message will make its greatest impact on the lives of all who see it. It is a classic from Gospel Films, Inc. of Muskegon, Michigan, producer of numerous award-winning films. Everyone is invited.

GRAYLING, MICHIGAN — THURSDAY, NOVEMBER 13, 1975

From Our Corner...

We realize there is no way we can write from our corner that is interesting to all two of our readers, our daughter and son (the boss reads it sometimes, when she has a second).

So, we will use our space to inform Dane who is at present residing in Orange, California after finishing his masters degree at Southwest Missouri State this summer, on our Sunday visit to Pon-Met Stadium in Pontiac for the Lions and Cleveland Browns mis-match.

For anyone else who may be interested, they are welcome to read on.

Pon-Met has to be one of the wonders in architecture, with its 80,000 seats covered with a 10 acre fiberglass roof that is supported by temperature - controlled blowers and is America's largest covered stadium.

Our sojourn was taken with a group from ATEP, (two buses) and were joined by another local group who chartered a bus from the Holiday Inn.

We feel we can speak for all of the Graylingites, that, just to go into the Stadium is well worth the admission.

We have read the pros and cons about this new Lion's Den mostly on the accessibility and the parking — we will have to agree to some extent, as it took us about a half hour to find our bus in the jungle of buses in the parking lot — but then this is the very first year of operation — we remember downtown Detroit was no picnic either.

For those who have stayed with us so far, you must realize our corner this week was a letter for out west, and we promise not to write about our family next week, only because the bigger boss, T. J. will be back this weekend while her dad joins the multitude of deer hunters.

If any of the pictures we took at the game turn out, we will select a couple for next week's issue, only for the sport's minded readers of the Avalanche.

DR. WAYNE CASLER

wishes to announce the future move of the Grayling Hospital for Animals to 714 North Millikin Road.

Construction is expected to be completed by Nov. 15th.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

23 YEARS AGO
November 13, 1952

A son, Douglas Mervyn, was born to Mr. and Mrs. Jay Stephan on November 8th.

Mr. and Mrs. Virgil Kolka announce the birth of a son November 8th. He has been named Robert Dale.

A son, Michael Howard, was born to Mr. and Mrs. Stewart Hauxwell, Saturday, November 8th at Mercy Hospital. Michael weighed 6 pounds 13 1/2 ozs.

Mr. and Mrs. Dale Moshier are receiving congratulations on the arrival of a son, Richard Louis, on November 11th. The Harlow Sorensons and Mrs. Hattie Moshier are the young man's grandparents.

Mr. and Mrs. Dale Redman had as their guests for the weekend, her brother C. Knight and family of Petoskey.

Mr. and Mrs. Jim Verlinde and sons have moved into their new home, just north of Henry Verlinde.

Mr. and Mrs. Edward Wehnes and son, Gary, of Muskegon were weekend guests of the formers mother, Mrs. Katie Wehnes.

Mr. and Mrs. Boyd Funsch and Mrs. Mattie Funsch called on Mrs. Henry Matts and Mr. and Mrs. Wesley Burgess Sunday.

Maryda Stillwagon spent a few days in Lovells with her grandparents.

Pat and Margie Harwood are spending some time in Lovells. Pat's on his vacation for a week and Margie expects to stay for the month and assist in the store during the month.

Miss Louise Feldhauser and friend Miss Virginia Courneal of Detroit spent the weekend visiting her parents, Mr. and Mrs. Rudolph Feldhauser.

Mrs. Leslie Hunter and Mrs. Matilda Hunter spent Tuesday, Wednesday and Thursday of last week in Lansing.

Mrs. LeRoy Christian entertained 15 little boys and girls Saturday to celebrate the fourth birthday of her daughter, Linda. Games were played and Johnny Cook won the prize. Birthday refreshments were served.

46 YEARS AGO
November 11, 1929

The Grayling Board of Trade has announced that their annual meeting will be held on November 19. T. J. Marston and Joe Dermody of Bay City will be the after dinner speakers.

Desire San Cartier and resident for over 25 years passed away at the home of his son on Sunday morning, following a five week illness.

The Grayling Women's Club met at the home of Mrs. Florence Tetu Monday evening. The program was in the theme of Armistice Day, with Rev. Greenwood the speaker.

Herman Hanson, of Flint is spending the week here visiting his mother, Mrs. Hansine Han-

son and family.

Mrs. Theodore Leslie entertained the ladies of the Danish Sisterhood lodge at her home in Beaver Creek Tuesday afternoon.

Mr. and Mrs. Emil Kraus returned home Tuesday from a few days visit in Detroit.

The teachers and officers of the M. E. Sunday School held their monthly meeting Wednesday evening at the home of Mrs. Sigwald Hanson.

Although Henry Feldhauser is 87 years of age, he is one of the nimrods who have already purchased their deer hunting licenses. Many bucks have fallen to the sharp shooting of Mr. Feldhauser. We hope he fills his license again this year. Only one woman, Mrs. John Stephan, has yet bought a deer license.

Mr. and Mrs. Hugo Schreiber Sr. enjoyed a visit from George Bengel and son, William of Jackson.

George Burk and a group of friends left for Norway Camp on the mainland of the AuSable to spend deer hunting season.

Last Thursday found Grayling Mercy Hospital with 24 patients with ten of them from Cheboygan. Extra beds had to be provided and several extra nurses called in.

The Bridge Club were guests at a lovely luncheon given by Mrs. C. R. Keyport Saturday afternoon. High Scores were held by Mrs. Charles Tromble and Mrs. Lucille Hanson.

Walter Hemming of Detroit has arrived for his annual deer hunting trip to Grayling.

Mrs. P. G. Zalsman were in Bay City a couple of days last week.

Fred R. Walsh attended the Michigan - Harvard football game at Ann Arbor on Saturday.

Mr. and Mrs. Oscar Hanson were guests of their daughters, Misses Ella and Margrethe for the Harvard - Michigan game Saturday.

Mrs. C. G. Clippert underwent surgery at Mercy Hospital this morning. She is reported getting along nicely.

L. T. Wright, a former well known resident of Grayling, who moved to Albion several years ago, passed away at his home there on Sunday morning.

Mr. and Mrs. Frank Schmidt and Mrs. Maxson of Flint arrived Wednesday and are guests of the formers parents, Mr. and Mrs. Holger Schmidt. The men are here for deer hunting.

The Women's Auxiliary of the American Legion are holding an installation of officers next Monday evening. They are inviting the ladies of Roscommon Auxiliary to be their guests at the installation.

Mr. and Mrs. Phil Moran returned home Thursday from a few days visit in Coleman, Midland and Bay City.

Mrs. Bertha Bessey, Teacher of languages enjoyed a visit from her parents, Mr. and Mrs. Bessey of East Lansing on Sunday. Mr. Bessey is a dean at Michigan State College.

Olaf and A. E. Michelson of Detroit and Carl P. Mickelson of Mason are here to enjoy the deer hunting season at Sunrise Club on the AuSable.

Elected To Rec. Board

James E. Ford of Yogi Bear Jellystone Park at Grayling has been elected to the nine-man Board of Governors of the Michigan Association of Recreational Vehicles and Campgrounds, one of the two divisions of the Michigan Mobile Home and Recreational Vehicle Institute.

Other newly elected to the MARYAC Board of Governors are: Howard Monson, Dearborn Heights; Earl Rafferty, Dearborn; John Noon, Livonia; Nancy Funnell, Houghton Lake; Gene Myers, Lapeer; Dave Vicars, Taylor; Newell Warsin, Flint; and Noble Wirt, Charlotte.

CARD OF THANKS

Our heartfelt thanks to Dr. Menig, Dr. Blaha, Dr. Rosi and the staff of Mercy Hospital and to each and every one of you who sent cards, prayers, flowers and paid visits to our mother while she was in the hospital, and for all the many, many kind things you did for us during our recent loss of Carrie.

Carrie McClain's Family

CARD OF THANKS

We would like to express our appreciation for the well coordinated effort between the City of Grayling Police Dept. and the Crawford County Sheriff Dept. and their ambulance in their response to a call for a gentleman who became ill and needed emergency service. Our thanks for a job well done with speed and efficiency.

J. & J. Enterprises
Jack and Jeanie Vought

Tides

The moon and sun cause tides not only in the ocean but in every fluid—even a glass of water.

The Bible Speaks

From Calvary Baptist Church

THE TRIBULATION OF ISRAEL

Before we look at Israel as part of the cause of the coming great tribulation upon the earth, let us examine the past and present tribulation of this tiny nation and people. Details of this persecution were given last year in our article entitled, "Anti-Semitism", dated April 25, 1974.

In summary, Israel has been persecuted for over 4000 years beginning with slavery in Egypt, Assyria and Babylon. They were destroyed and dispersed as a nation by the Roman Empire. They have been persecuted and banished as a people by a host of nations down through the centuries. We are all aware of the death of six million Jews under the direction of Hitler. We have all read of repeated intentions of the Arabs to destroy Israel.

Last month the Social, Humanitarian and Cultural Committee of the United Nations approved a resolution and sent it to the General Assembly for adoption which stated that "Zionism is a form of racism and racial discrimination." One might accuse the Jews of Ethnocentrism or Nationalism of which all people are guilty to some extent, but to charge them with "Racism" before the United Nations shows the ignorance, irresponsibility and anti-Semitic prejudice of these international leaders.

Anyone who has studied Cultural Anthropology or Ethnology with an open mind must agree that the Jewish people of today cannot be called a "race". As we said a year ago in this column, "Is this a racial problem? No. The Jews of today are an ethnic group made up of various races, languages and cultural backgrounds." There are Jews today with black skin, red skin, yellow skin and white skin. There are Jews today with totally different religious beliefs, some are orthodox, others conservative and still others reformed. It means no more to identify Israel with Judaism today than it does to identify the United States with Christianity.

The question immediately comes, why does such a people continue to be victims of extreme persecution even down to our present time? We repeat the reasons stated last year. "First, they are hated because of their privileged position before God. The world is jealous and envious of the Jew. Second, they are being punished by God for their disobedience of Him. Third, they are hated and hounded by Satan because of God's love for them, their proclaiming of God's laws,

their provision of the Messiah, and their promised 1000 years of future earthly blessing while Satan is bound."

The final question comes, why does God plan to bring even greater persecution upon Israel during the great Tribulation especially in light of the persecution they have already suffered? We shall quote Dr. Leon J. Wood: "The other purpose of the tribulation is the preparation of Israel to receive her Messiah. God's people must be brought to a frame of mind receptive to their Messiah. The Jews were not ready to receive Christ the first time He came, and they are not ready today. A change is needed, therefore; this change will make them ready to accept the One they have so long rejected. However, only a major experience can bring about such a change. This is the reason for the extreme suffering of the tribulation time."

This Great Tribulation of 7 years duration is known as "the time of Jacob's trouble" in Jeremiah 30:7. It will be a time when two-thirds of the Jewish people shall be killed, Zechariah 13:8. The third which remain shall repent of their sins and turn to God, Zechariah 13:9. The sins of the nation of Israel will be removed in one day, Zechariah 3:9. That day they shall look upon the Messiah "whom they have pierced," and they shall mourn for him, as one mourneth for his only son, Zechariah 12:10. That day there will be "a fountain opened to the house of David and to the inhabitants of Jerusalem for sin and for uncleanness," Zechariah 13:1.

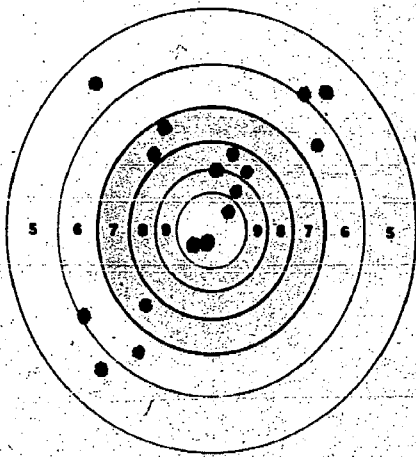

In summary, the Great Tribulation period shall prepare the nation of Israel to accept their Messiah, repent of their sins, and be prepared to become the great nation God promised them throughout the future 1000 year earthly reign of Jesus Christ. (adv.)

Pastor Barnett

This is a target.

This isn't.

REWARD OFFER

Electric service is often taken for granted — until we find ourselves without it. Many times malicious vandalism to transmission cables and electric insulators disrupts vital utility service. This can seriously affect a community.

To help fight this problem, we are offering

a reward up to \$500 for information leading to the arrest and conviction of, or restitution from, individuals who maliciously damage vital transmission equipment.

If you have information concerning such an incident, please contact a local police agency or call Consumers Power Company.

Remember: a power line may be a lifeline.

first time.

November 18, 1905-The first women's club, called the Female
Charitable Society, is organized in America at Mrs. Silas Lee's home
in Wicasset, Maine.

November 19, 1919-The Treaty of Versailles, drawn up by the
Paris Peace Conference at the end of World War I, is rejected by the
U.S. Senate.

November 20, 1962-President Kennedy instructs the Secretary of
Defense to lift the naval quarantine of Cuba.

Saving That Deer for Dinner

Good cleaning and rapid cooling are two "musts" in pre-
paring a freshly-killed deer for the tenderest, tastiest
results. Let's suppose you've just bagged your first white-
tail. What now? Assuming your deer is dead, first put your
rifle back on "SAFE" and attach the validation tag to the
animal. Cut open the entire body cavity, moving from be-
tween the hind legs almost to the base of the neck. (1).
Insert the knife with the cutting edge UP and use your
first and second fingers to hold the skin and muscles UP
away from the innards. Next, remove the innards, working
down from the neck to the tail. Turn the deer belly down
and let it drain. Afterwards, tie the fore legs between the
antlers or beside the head (2) so it will be easier to drag
the deer to camp. In camp, prop the carcass open (3) and
protect it from sun, rain, and flies in warm weather. If the
weather is warmish (above 55 degrees), head for a locker
plant or your home freezer. For the trip home, carry the
carcass atop your car or across the trunk. (4). Many a
venison dinner has been overheated and spoiled on the
front fender of a car.

OBITUARIES

Monday Services For Mrs. Laura Stevens

Mrs. Laura Stevens, 77, of
Beaver Creek passed away
Friday, November 7, at her
home. She was born February
19, 1898 in Battle Creek and had
been a resident of Crawford
County for seven years.

Funeral services will be held
Monday at one o'clock at
Sorenson Funeral Home with
Rev. Danny Brown officiating.
Burial was in Elmwood Ceme-
tery.

Serving as pallbearers were
Mike Sims, Glen Sims, Steve
Anderson and Russell Stone.

Mrs. Stevens is survived by
one son, Paul Stevens of
Wheatridge, Colorado; one sister,
Mrs. Mildred Stillwell of
Grayling; one nephew, Jack
Stillwell of Grayling; and four
step - grandchildren. Her hus-
band preceded her in death.

Final Rites For Violet W. Elliott

Violet Winifred Elliott, 73, of
Beaver Creek passed away
Monday morning, November 10,
at her home. She was born in
Coleman June 25, 1902 and had
been a resident of Crawford
County for 30 years.

Funeral services will be held
at one o'clock Thursday after-
noon at Sorenson Funeral Home
with Rev. Paul Frederick of-
ficiating. Burial will be in the
Beaver Creek Township Ceme-
tery. Grandsons will serve as
pallbearers.

Mrs. Elliott is survived by her
husband, Roy, Sr.; two sons,
Roy, Jr. of Grayling and James
of Grand Rapids; two daugh-
ters, Mrs. Arvilla Hudson of
Grayling and Mrs. Barbara Hull
of San Diego, California; one
sister, Mrs. Olive Clare of
Saginaw; 18 grandchildren and
23 great-grandchildren.

Services Held For County Pioneer

Funeral services for Mrs.
Elizabeth W. Serven, 86, were
held Saturday afternoon at 1:00
p.m. at Sorenson's Funeral
Home. Mrs. Serven passed
away Wednesday afternoon at
Mercy Hospital. She had been
in failing health for 9 months
following a fall and had spent
seven months in Mercy Hospital
and two months at King Nurs-
ing Home, Houghton Lake.

Elder Norvall Stephan of-
ficiated and Mrs. Norval Stephan
sang, accompanied by June
Feldhauser. Pallbearers were
Clayton Hildebrandt, Bruce Mc-
Guire, Calvin Schreiber, Michael
Seator, Michael Bearss, and
Ernest Larson. Interment was in
the family lot in Elmwood
cemetery.

The former Elizabeth Wilhel-
mina Schreiber, she was born to
Hugo and Oesterle Schreiber,
on September 13, 1889 in Sig-
bee, nine miles east of Grayling
on the North Down River Road.
The Schreibers were among the
first pioneer settlers coming
here in 1879. She attended the
old Feldhauser school and was
employed in her early years at
some of the fishing resorts
along the river. She worked
briefly in Flint before returning
to Grayling where she spent her
entire life.

She was married to Frank A.
Serven on May 10, 1915 and
they had celebrated their golden
wedding before his death in
1965. They resided at 704 Park
St. all their married life.

She was the longest contin-
uous member of the Crawford
County Grange. She was also a
member of the Ladies National
League.

She is survived by a sister,
Mrs. Rosa Christenson, of
Grayling, a granddaughter, Mrs.
Beth Serven Seator, and four
great-grandchildren, Bob and
Jan Seator, and Linda Seator
Bears of Mount Pleasant, and
Michael Seator of Ann Arbor,
and seven nieces and nephews.
Here to attend the services
from out-of-town were Mr. and
Mrs. Rufus Edmonds, and
daughter, and two children of
Flint; Mr. and Mrs. Jack Seator,
Bob, and Jan, and Mr. and Mrs.
Michael Bears of Mount Pleas-
ant; Michael Seator of Ann
Arbor, Dana Bovee of Ann
Arbor, Mrs. Geraldine Clemens,
Mr. and Mrs. Walter Nelson of
Stanton; Mr. and Mrs. Kenneth
Hosli of Gladwin; Mr. and Mrs.
Clayton Hildebrandt and family
of Grayling; Mr. and Mrs. Elmer
VanMeyer and Beatrice Eaton of
Cadillac.

The Avalanche — Your Want Ad Paper

Theater Group To Present "Six Rms Riv Vu" Nov. 22 & 23

FOUR MEMBERS of the cast: From left, Mike Dosch as Richard, Maggie DeSantis as Anne Miller, John Bosserman as Paul Friedman, Telly Savalas as himself, and June Karjalainen as the Woman in 4A. (Photo by Mike Dosch)

John Bosserman of Grayling has taken on the lead male role of Paul Friedman in the Main Street Players' upcoming production of "Six Rms Riv Vu." The MSP have welcomed John back to theater work after a two year absence from it. For two years, John was attending CMU, majoring in Broadcast Journalism. Recently he and his wife Fran moved back up to the north country, where John accepted a position at WGRY Radio as its News Director. When the role of Paul Friedman came up, he accepted the part. "I'm not sure yet, frankly, how it feels to be back in theater. I guess I'll know on opening night. I am enjoying the role of Paul, though," John said. "Because it's quite a challenging part, unlike character parts. For me, character roles have always been much easier. They are more colorful. There is more concentration on body and voice portrayal. More than anything, you can use your imagination with them. But the role of Paul Friedman is really a straight role, and consequently harder, more challenging for me. With Paul, I must use more than my imagination. I must project all the emotions and thoughts that make up Paul in a much less obvious way. It's interesting." While John was in high school, he was in several musicals for Roscommon, including "Pajama Game." He also worked in two Kirtland College productions while in high school: "Barefoot in the Park" and "Man of La Mancha," where he worked with Mary Liz McNamara, who is directing "Six Rms Riv Vu." "The role of Sancho in 'La Mancha,'" said John, "was a character role. I had great fun with it." Following his graduation from Roscommon High School, John enjoyed a short stint as a professional actor, when he did summer stock for the Houghton Lake Playhouse in summer of 1973.

Mike Dosch, of Grayling, takes on the part of Richard

Miller in the production. Mike played Sidney Wyner in the MSP's "Tell Me That You Love Me, Junie Moon" this past summer. "Sidney was easier for me, too," said Mike. "I felt as if I fit the part perfectly — I could be a big ham. The role of Richard is much straighter, and I feel as if he is antithetical to my own personality. Consequently, it is much harder. But I am enjoying it." Mike is also doing all the photography for "Six Rms Riv Vu," as well as working on set construction.

Dean Darling, also of Grayling, plays the part of Eddie the Super in "Six Rms." "Myself and June Karjalainen, who plays the Woman in 4A, have the character roles this time," he said. "Even though our parts are very small, we provide much of the hilarity in this play. When I played Arthur in 'Junie Moon' it was an extremely dramatic role — and much more difficult." Dean will also head make-up for this production.

Rod Schaaf, of Roscommon, fills out the male portion of the cast. Rod, a rookie to the theatre, plays Larry opposite June Ameluxen of Roscommon, who fills the part of the Pregnant Woman. "In this play," says Rod, "we portray a young couple who are competing for occupancy of the infamous apartment which Paul Friedman and Ann Miller get unwittingly locked in."

"Six Rms Riv Vu" will go on the weekend of November 22 and 23, at Kirtland Community College. Advance tickets can be purchased as Mac's Rexall Drugs in Grayling, for \$1.50. At the door, tickets will sell for \$2.00 for this 8:30 p.m. performance.

Attends Convention

Las Vegas, Nev. — Herb Stephens of the Aquarama Motor Lodge in Grayling joined more than 1,800 other Best Western motel, hotel and resort owners and operators from throughout North America at the group's 27th annual convention Oct. 6-9 at the MGM Grand Hotel here.

This year's convocation was the largest ever by a lodging organization.

The keynote speech, by William B. Walton, vice chairman of the board of Holiday Inns, urged industrywide cooperation to combat government restrictions on tourism and travel.

District Court Action

The following appeared in the 83rd District Court before Judge Francis L. Walsh:

Daniel Max Schulze, 18, of Bessemer, pleaded guilty to a charge of possession of marijuana. Total fine and costs were \$304.00 or 30 days in jail. Schulze was arrested by City Police on October 5.

Steven David Jaynes, 19, of Higgins Lake, pleaded guilty to a charge of unlawful use of marijuana. He was sentenced to \$204.00 or 30 days in jail. He was arrested by Sheriff's Deputies on October 5.

Linda Joan Seiple, 20, of Traverse City, demanded preliminary examination to a charge of breaking a coinbox with the intent to steal. Bond was set at \$1,000.00. Seiple was arrested by City Policemen on September 30.

Raymond Leroy Denno, 37, of Grayling, pleaded guilty to a charge of assault and battery. Total fines and costs were \$124.00 or 14 days in jail. He was arrested by City Police on August 13.

John Aversano, 17, of Grayling, pleaded nolo contendere to a charge of assault and battery. Total fine and costs were \$64.00 or 7 days in jail. He was arrested on a citizen's complaint on October 29.

Donna Jenkins, 40, of Rochester, pleaded nolo contendere to a charge of assault and battery. She was sentenced to \$64.00 or 7 days in jail. Jenkins was arrested on a citizen's complaint August 31.

Peggy Marie Cavanaugh, 37, of Vanderbilt, pleaded guilty to a charge of disorderly person under Grayling City Ordinance #4. Total fine and costs were \$34.00 or 4 days in jail. She was arrested by Sheriff's Deputies July 27.

William Charles Muth, 23, of Grayling, pleaded guilty to a charge of attempted possession of buckshot between sunset and sunrise. Total fine and costs were \$27.00 or 3 days in jail. Muth was arrested by the DNR on October 22.

Richard Milliman

Soak-the rich income tax plan hides dangers

Now comes our old friends in the Michigan Citizens Lobby with yet another scheme to restructure the finances of state government.

Our friends in Citizens Lobby, you may recall, were the pushers of a recent popular reform — repeal of the sales tax on food and medicine.

Although Gov. Milliken and a lot of thought leaders opposed the sales tax repeal, it still passed rather handily in a statewide vote in 1974 ... which proves, I guess, that more voters buy food and medicine than lead thoughts, or something like that.

The latest proposal by the Citizens Lobby is cut from the same cloth as the sales tax repealer. Most voter-type people probably will like the idea.

According to what I read in the papers, the Citizens Lobby wants to amend the state constitution to reduce the state income tax rate for those with incomes between \$10,000 and \$20,000 a year, and to replace state revenues lost from this cut by increasing the income tax on those with incomes of more than \$20,000 a year.

What could be more simple? And what could be more appealing to the voters, especially to the voters with incomes below \$20,000 a year, which, just by chance, would include enough voters to adopt the plan.

Of course, the idea may not be so appealing to those who earn more than \$20,000 a year; they'll get hit

again, right in the pocketbook.

Schemes such as this one tend to scare me a bit. This is only a thinly disguised attempt to effect a change the voters have steadfastly refused to permit: under a more direct label, namely, adopt a graduated state income tax.

Time after time — twice, if memory serves — statewide votes have defeated the graduating of Michigan's state income tax. Now comes a new redistribute-the-wealth proposal, only under another name.

The approach seems to be that if at first you don't succeed, dress up the same idea in new duds, trot it out on a new track, give it a good push, design it to reward more voters than it punishes, and ram it down the public throat.

At the risk of sounding like an alarmist fuddy-duddy, I pose this question:

How far can government go in taking from those who have and giving to those who have not, and at what point does incentive disappear?

The flash-point, it seems to me, is when more people are taking from government than are contributing to it.

Each day, or so it seems, we draw dangerously nearer to that point, indeed if we have not yet reached it.

The soak-the-richer scheme of the Citizens Lobby, in my book, takes us just one step closer to that turnover point of no return.

Another lawsuit for CBS

I figure we'll sue the TV networks for \$100 million worth of humiliation and embarrassment, at least.

I got the idea from the Michigan United Conservatory Clubs which is suing CBS TV for \$300 million on behalf of the state's 1 million hunters. They're furious about the CBS show "The Guns of Autumn" which made hunters look as brave and adventurous as your Aunt Minnie with a fly swatter.

There's no denying what the CBS films showed. Some hunters should wear a butcher's apron. They do sneak up on bears feeding at garbage dumps and shoot them dead, a dangerous task requiring the same skill and bravery displayed by the man who turns on the gas at the dog pound.

And some hunters do hire gamekeepers to push animals in front of their telescopic sights. I know a preserve operator who is training pheasants to fly into a hunter's pocket and commit suicide.

But this type of "hunter" is rare, not common. That's what's bugging the real hunters. They say CBS showed the world a distorted picture, portraying all the worst things hunters do, and none of the marvelous things. They claim they have been humiliated and embarrassed and so they are suing for a bundle.

I hope the hunters win the court battle. I'm angry at CBS anyway. I suspect it was some stupid CBS executive who convinced Mary Tyler Moore she should slim down this season, thus greatly diminishing her chest measurement and my viewing pleasure.

But I didn't mean to get frivolous. For many years I have harbored a serious beef against CBS and all the

other TV networks. I've kept relatively quiet about it because there didn't appear to be any remedy available — until the hunters' lawsuit gave me hope.

If a court awards damages to hunters for being injured by an anti-hunting show, why shouldn't damages be awarded to anti-hunters who have been injured by those thousands of TV shows which glorify the hunter?

I'm thinking of such shows as the American Sportsman, for instance. Robert Stack invades Africa in a tank and stalks wild animals barehanded, except for various nuclear weapons and a cast of thousands to carry his collapsible condominium. This is done while a full orchestra plays scary music in the bushes and a voice in the background, usually Curt Gowdy, describes how hero Stack has risked his life to keep the world safe from the dreaded spotted antelope.

Or there are the more localized shows starring such Great White Hunters as Mort Neff. For umpteenth years he's been pointing his TV camera at the gun, bang!, and then at the animal falling, plo! Then he holds up the carcass and solemnly bestows sainthood upon the brave hunter who killed it at great risk of chapped wrists.

I find these TV shows humiliating and embarrassing. I insist they are distorted and not typical of the entire human race. I do not want my grandchildren seeing such bloody nonsense and thinking-killing animals is great because Curt Gowdy says so and everyone on TV does it.

Onward and Upward, \$100 million worth.

EASTER SEAL "BAR BUCKS" DRIVE—Shown above is State Chairperson, Mary Zudick, along with our local Crawford County Chairperson, Lora Gould, and the 1976 National Poster Child, Kerri Hines, from Traverse City.

Crawford County's 1975 Easter Seal "Bar Bucks" Drive got underway November 14th thru November 30th at bar establishments in Frederic, Lovell, and Grayling.

We have been close to Easter Seals in Crawford County over the years, know that your donations are spent effectively and wisely. But, many needs are still unanswered. This is why we ask you to join hands with our campaign volunteers and taverns in supporting the "Bar Bucks". Give a Buck for a Buck!

Stan Woodman, County Publicity Chairman

Michigan Wells Encouraging

JACKSON, Mich., Oct. 31—Patrick Petroleum Company today announced it has encountered encouraging shows of oil or gas in Michigan. Preliminary test results which would be potentially significant to the company are as follows:

Otsego Lake Prospect—No. 1—26 Otsego Lake, Otsego County, Michigan wildcat discovery, drilled to 6,967 feet. Tested 312 barrels oil per day and 400,000 cu. ft. gas through a 12/64 inch opening with flowing pressure of 1,200 pounds per square inch from the Silurian Niagaran formation. This appears to be an excellent well which should have an allowable of 300 barrels of oil per day. An offset location is being evaluated to determine if another well should be drilled or if the reservoir can be drained from the first well. Patrick owns, including its general partner's interest in a public partnership, a 32.2% working interest in the well.

Badgley Prospect—No. 1 MBM, Otsego County, Michigan development well drilled to 6,013 feet. Tested at the rate of 192 barrels of oil per day through an 11/64 inch opening with flowing pressure of 825 pounds per square inch from the Silurian Niagaran formation. Patrick owns, including its general partner's interest after payout in a public partnership, a 19.3% working interest in the well.

Widener Prospect—No. 1—34 Widener, Grand Traverse County, Michigan wildcat discovery drilled to 6,971 feet. Tested at an estimated rate of five million to 10 million cu. ft. gas per day and an undetermined amount of condensate (oil produced with natural gas) from the Silurian Niagaran formation. Patrick owns, including its general partner's interest in a public partnership, a 32.2% working interest in the well.

Convis Prospect—No. 1 Collins Units, Calhoun County, Mich. development well drilled to 2,997 feet. Patrick expects to produce 200 barrels oil per day from 90 feet of pay in the Silurian Niagaran formation. Patrick owns, including its general partner's interest in a public partnership, a 14.9% working interest in the well.

IN MEMORIAM

In loving memory of my husband, Fred Catlin, who died one year ago November 12th. We had a wonderful 46 1/2 years together mainly because we had 24 shining hours that were given to us each day. 24 shining hours, enough for work and enough for play. 24 shining hours, given to all the same. The rich man or the poor man it doesn't matter the name. The infinite gives us great measure, the Gods are all keeping score. We used up those 24 hours, because tomorrow we were given 24 more.

Helen Ziebell Catlin

Jehovah's Witnesses To Hold Convention

Jehovah's Witnesses have scheduled a two-day regional convention sponsored by The Watchtower Society. The convention will be held in Holt, Michigan at the newly dedicated Jehovah's Witnesses Assembly Hall on November 15, 16.

The theme of the convention is "As For Us We Shall Serve Jehovah". The purpose of the gathering is to aid individuals and families to govern all their decisions in life by Bible principles.

Members of the Grayling Congregation of Jehovah's Witnesses will be attending the two-day convention with 23 other Northern Michigan congregations.

Hot Lunch Menu

November 17th through 21st
Monday: Goulash, Peas, Bread and Butter, Fruit.
Tuesday: Bar-B-Que with Bun, Corn, Pudding.
Wednesday: Hot Dogs with Buns, Vegetable, Peaches.
Thursday: Crackers and Chicken Noodle Soup, Bread and Peanut Butter, Cake.
Friday: Hamburg with Buns, Relishes, Corn and Peas.
Milk is served with all meals. Menu is subject to change without notice.

CASE NO. U-4867

TO THE PRESENT AND PROSPECTIVE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY

NOTICE OF HEARING ON AMENDMENTS TO RULE 2, RULE 3, RULE 12(K), RULE 13, AND RULE 14 OF CONSUMERS POWER COMPANY'S STANDARD RULES AND REGULATIONS

On July 3, 1975, Consumers Power Company (the "Company") filed an application with the Michigan Public Service Commission in Case No. U-4867, which requests authority to amend Rules 2, 3, 12(k), 13, and 14 of its presently effective Standard Rules and Regulations (MPSC No. 7—Electric; Consumers Power Company).

Rule 2 relates to the installation of electric service lines from the Company's distribution system to a point of attachment on the customer's premises.

Rule 3 relates to special arrangements necessitated by the customer's unusual facility requirements.

Rule 12(k) relates to electric distribution systems and service connections to provide service to mobile homes in courts.

Rule 13 relates to the Company's policy regarding the construction of new or modified electric facilities, other than service connections and metering equipment, to serve new customers or to serve changing needs of existing customers; and

Rule 14 relates to the installation of underground distribution systems and service connections.

The Company states in its application that the cost of construction of service connections and distribution systems, whether aboveground or underground, has greatly increased since the present rules and charges made thereunder were approved. However, the Company's presently effective Rules 2, 3, 12(k), 13, and 14 do not reflect these increased costs. Accordingly, the Company proposes to amend such rules to more appropriately reflect the current costs of constructing such facilities.

Proposed Rule 2 would require the customer to bear the cost of installing service connections from the Company's distribution lines to the point of attachment on the customer's premises, and provides that all such charges are nonrefundable and must be paid prior to the commencement of construction. For residential customers (including residential in mobile home courts and dwellings with no more than two living units), the service connection charge would be equal to the system-wide average cost of new residential overhead service connections. For commercial and industrial customers, and multiple dwellings of three or more units, the service connection charge will be based on the Company's estimate of the total construction cost.

Under existing Rule 2, service connections are in most instances provided at no charge to the customer.

Proposed Rule 2 also provides that changes in the route or size of the service connection made at the customer's request, or because of changes in the customer's requirements, will be made at the customer's expense. No ownership rights in any facilities provided by the Company will pass to any person as a result of charges made under proposed Rule 2.

Proposed Rule 3, dealing with unusual customer facility requirements, is reworded for clarity.

Proposed Rule 12(k), dealing with electric service to individually served mobile homes in courts, provides that construction of facilities under this rule may also be subject to contributions and deposits under proposed Rules 2, 3 or 13. Under existing Rule 12(k), construction projects covered by Rule 12(k) would not be subject to contributions or deposits under other rules.

Proposed Rule 13 states the Company's policy regarding construction or modification of electric facilities. For residential customers, proposed Rule 13 provides for a construction allowance equal to one year's estimated revenue from new permanent customers to be immediately served from the new facilities. Where the estimated costs of construction or modification exceed the construction allowance, a deposit equal to the difference between such costs and the construction allowance will be required. Refund amounts are based on one year's revenue from new customers added to the system, and a three-year refund period is provided.

Existing Rule 13 provides for a free extension of distribution facilities up to 1,000 feet in length to serve a new residential customer. For extensions in excess of 1,000 feet, a charge of \$1.30 per foot over 1,000 feet is made. Existing Rule 13 provides for refunds based on three times the annual revenue received from new customers added to the facilities, and the refund period is five years.

Where the construction of electric facilities is required to serve a commercial or industrial customer or any other customer not eligible for consideration as a residential customer, proposed Rule 13 provides for a

construction allowance equal to the lesser of (1) \$15,000 or (2) the estimated annual revenue to be received from permanent customers to be immediately served from the new facilities. Where the estimated costs of construction or modification exceed the construction allowance, a deposit equal to the difference between such costs and the construction allowance will be required. Refund amounts are based on one year's revenue from new customers added to the system, and a three-year refund period is provided.

Under existing Rule 13, the construction allowance for commercial or industrial customers is three times the estimated annual revenue to be received from customers to be immediately served from the new facilities. The refund amount with respect to customers later served from the facilities is the amount by which three times the annual revenue contributed by such new customers exceeds the greater of (1) the original revenue estimate or (2) the highest preceding annual revenue. The refund period under existing Rule 13 is five years.

Proposed Rule 14, dealing with underground distribution systems and service connections, differs from existing Rule 14 primarily in that the section of existing Rule 14 covering the underground extension policy is deleted. All extensions, whether above or underground, will be covered under proposed Rule 13. Proposed Rule 14 also provides that, where electric facilities are placed underground at the option of the Company, the required contribution will be determined according to the provisions of proposed Rule 13. Under existing Rule 14, where electric facilities are placed underground at the option of the Company or pursuant to local ordinance, the Company bears the cost of such construction.

Proposed Rules 12(k), 13 and 14 also differ from existing Rules 12(k), 13 and 14 in that payment of all required deposits and contributions in advance of the commencement of construction is expressly made mandatory. Under existing Rules 12(k), 13 and 14, payment in advance was at the option of the Company.

In addition to the foregoing, other changes to Rules 2, 3, 12(k), 13, and 14 were proposed by the Company. The application of the Company in Case No. U-4867 and copies of existing and proposed Rules 2, 3, 12(k), 13, and 14 are available for public inspection at the offices of the Michigan Public Service Commission, Law Building, 525 W. Ottawa, Lansing, Michigan 48913, and at each local office of Consumers Power Company.

Hearings on the application in Case No. U-4867 have been scheduled and notice is given that:

A. A public hearing will be held at 9:30 AM on December 2, 1975 in the offices of the Michigan Public Service Commission, Law Building, Lansing, Michigan, for the purpose of determining whether or in what form proposed Rules 2, 3, 12(k), 13, and 14 of Consumers Power Company's Standard Rules and Regulations should be approved by the Commission.

B. Any party seeking to intervene in this proceeding, in accordance with Rule 11 of the Commission's Rules of Practice and Procedure, shall file with the Commission, at least five (5) days prior to December 2, 1975, an original and twelve (12) copies of the petition to intervene, together with proof of service upon Consumers Power Company. Service upon Consumers Power Company may be made by mailing (First Class) a copy of the petition to intervene to the Company's General Offices at 212 West Michigan Avenue, Jackson, Michigan 49201.

C. PROPOSED RULES 2, 3, 12(K), 13, AND 14 DESCRIBED IN THIS NOTICE ARE IN THE FORM REQUESTED BY CONSUMERS POWER COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER AUTHORIZE THEIR ADOPTION IN THE FORM REQUESTED, DENY THEIR ADOPTION, OR MAY ORDER THE ADOPTION OF NEW RULES 2, 3, 12(K), 13, AND 14 IN A FORM DIFFERING FROM THAT DESCRIBED HEREIN.

Jurisdiction in this matter is pursuant to 1909 PA 106, as amended, MCLA 480.551 et seq.; 1919 PA 419, as amended, MCLA 480.51 et seq.; 1939 PA 3, as amended, MCLA 480.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Rules of Practice and Procedure before the Commission, 1964 Administrative Code, Supplement No. 54, R 400.11 et seq.

PUBLIC NOTICE

The City of Grayling will accept sealed bids on the following items:

- One [1] 3M-1971 Model 208 Copier
- One [1] 1973 4-door Ford sedan.
- One [1] 1974 4-door Plymouth sedan.
- One 1968 Sears 12 H.P. tractor.

This equipment can be inspected at the old city fire station at City Hall, 103 James Street. Bids will be accepted at the City Office, 103 James Street until 5:00 p.m., November 24, 1975. All bids should be sealed and clearly marked "Sealed Bid".

The City reserves the right to reject any or all bids.

School Happenings —

Superintendent's Corner

by Fraser Dean

There's no feeling like the warm feeling of satisfaction one gets from observing a small group of dedicated people accomplish a much-desired objective.

The Frederic Citizens group was one of these groups. They knew that their children were attending school in a seriously dilapidated old building and were determined to do something about it. Their biggest obstacle was the fact that such a small percentage of the Crawford AuSable School District residents had actually been in the building.

Confident that the residents of this district would support a new school addition in Frederic if they were aware of the extent of the problems with the old building, they knew their major task was to inform the public. They made a tremendous effort to do this and we all know the results.

On behalf of the Crawford AuSable School Board I wish to commend the residents of this district who have shown again that they have placed a high priority on quality education for all of the children of the district. We are very proud to be members of this school community.

I would also like to mention the following people who deserve special praise for giving unselfishly of their time and energy toward the success of the bond issue: Mr. and Mrs. Wendall Hoover, Mr. and Mrs. Conrad (Buck) Owens, Mr. and Mrs. Thomas Kimball, Mr. and Mrs. Donald Geiss, Mr. and Mrs. Steve Olson, Viola Middleton, Evelyn Graham, Mary Partello, Dean Welch, Jim Weaver, Annabell Armstrong, Mary Jane Weaver, Mrs. Marlin Weaver, Valerie Miller, Mr. and Mrs. Clem Sajdak, Betty Christi and Judy Packard.

School Activities Calendar

Week of November 14th to 20th

Friday, November 14th

There will be a high school all school dance in the cafe tonight.

Saturday, November 15th

The Assembly of God Church will be using the high school auditorium for the presentation of a film.

Monday, November 17th

Drama Club play practice in the auditorium.
Adult Education Art Show in the high school.

Tuesday, November 18th

The Girls Basketball Team will play Boyne City in the high school gym beginning at 6:30.

The Cub Scouts will hold their pack meeting in the Grayling Elementary School.

The Drama Club will be meeting in the auditorium and the Michigan State Police will hold a meeting in the high school I.M.C.

Adult Education Art Show in the high school.

Wednesday, November 19th

Drama Club play practice in the auditorium.
Adult Education Art Show in the high school.

Thursday, November 20th

Dress rehearsal for the Drama Club performance of "The Torch Bearer" tonight in the auditorium.
Adult Education Art Show in the high school.

Parade Features VIP's

Did you notice? There was something new added to this year's Grayling Elementary School's Halloween Parade. Children from Mrs. Williams' second grade and Mr. Brigham's and Hayes' fourth grades carried posters declaring that "Volunteers are very special people." Mrs. Mildred Harrington, a volunteer in the Reading Room, also marched and carried a poster. We appreciated all Barbara Wakeley's efforts as our "resident poster maker!"

The Volunteer Aide Program is still "short handed". If you have one morning a week or one hour (12:15 to 1:15) in the afternoon that you would like to share... there is a place for you at the Frederic or Grayling Elementary Schools. Call 348-7641 today! Irene Pettyjohn is waiting to explain the Volunteer Aide Program to you!

Frederic Elementary News

The ghosts and spooks have been especially busy in Mrs. McEver's class as they prepared for Halloween. The highlight of the week was a party and the parade.

Students in Mr. Hatfield's room have started using a match cassette tape to learn multiplication facts. There are 100 basic facts on the tape.

They are learning to write paragraphs now after studying subjects, predicates, nouns, pronouns and verbs. One day they wrote paragraphs about... "If I Had \$1,000..." Most wrote about buying a new car and taking a trip.

Mr. Olson and Mr. Hatfield showed their classes a movie entitled "Children of Colonial Times." Students now have a better idea of how hard life was for early settlers.

Mrs. McClelland and Mrs. Neuville helped the first graders carve pumpkins. Each pumpkin had an eerie face portraying a Halloween mood. The best part of the day was when all of the children baked seeds.

Resource Room Reports

We finished our first wood working project but we can't tell what it is because some people are going to use them for Christmas presents.

We have a new reading series called "Sounds of Language". It has poems, songs and stories. You can change the words and think of new ways to write the poems and stories. You can do projects from the books too like skits, cooking, and everyone reading together.

Mrs. Ingvarsson's Class

We had a great time at our party. We had a lot of different costumes and lots to eat. We paraded in our costumes. Mrs. Henion popped popcorn for the party.

Mrs. Caldwell worked with some children on the basic addition and subtraction facts. Some of us have not learned them yet.

FOURTH GRADERS DECORATE PUMPKINS—Some of the students in Mrs. Kopicko's fourth grade class celebrated Halloween by participating in a pumpkin decorating contest. Shown with their pumpkins are: (left to right) Denise Kitchen, Teresa Barber, Dawn Weatherly, Lisa Cie Baca, and Jim Stewart. Jim's pumpkin won first prize. Wearing a "Happy Birthday" hat and sporting red, white, and blue hair, it carried out the Bicentennial theme.

Bus Safety

The third grade and fourth grade went into the gym and watched a movie about bus safety. Two men named Mr. Gordon and Mr. Ericson showed all the kids how to get on and off the bus and how to go around the other side of the bus. They also showed us how the bus drivers clean the buses and get them ready for the kids. We learned a lot about it.

by Alice Matyn and Debbie Robinson

Halloween Celebrated

Some first graders really celebrated the Halloween holiday. During the week they made black cats, pumpkins and spooky houses. They sang songs about Halloween, and wrote a wonderful story, entitled:

Our Own Halloween Story

Once upon a time there was a witch. She lived in a spooky house. She had a black cat named Smoky and a pumpkin named Jack.

One night a ghost came to visit. His name was George. He made the door squeak and the stairs creak. Jack got so scared he fell out of the window. Then the stairs didn't creak any more.

One day a little girl and boy came to the house. They knocked on the door. The door opened all by itself. They saw poor Jack on the ground. They picked up Jack and put him back in the window. The witch, Smoky and Jack lived happily ever after.

Attend The Church Of Your Choice

Nightingale of the playroom

Less than a century and a quarter have passed since that terrible winter when Florence Nightingale ministered to suffering British soldiers. Until then there had been no place for women nurses in military hospitals, and not many women nurses anywhere.

Ever notice how often it is the occupations or professions of SERVICE TO OTHERS that excite the imagination of our children? We should learn something from that!

Boys and girls see themselves as amateur adults. Through their imagination they often show us the world they would like to live in.

Their hopes can become a reality if we support our churches with our faith and our families. After all, it was the Founder of Christianity who insisted that He came not to be ministered unto, but to minister.

"Main Stream Musing"

He Told Me
[By Jaymes Giddey]

Really, you'd think I would have learned by now. Some of us should never win an argument.

Like the time my husband wanted to buy the good tires, but I kept showing him the ad for bargain tires at a new discount store until we finally bought the cheap ones. He didn't have to get that mad. After all, we drove a whole 20 miles before our first blowout.

Or the \$6 motel in that small town out west. He thought the \$10 one down the street looked better, but I was thinking of the vacation budget, and the units were such cute little cottages. I walked through one and said, "We'll take it!" As it turned out, he should have been the one to walk through. Not only did the bed have all the comfort and charm of a hammock full of coat hangers, but the place was previously occupied by Snow White and the seven dwarfs. I am five feet two; he is six feet one. The doorways in the cute cottage were five feet nine. We know for sure because that's how high the mark is that's still on his forehead from getting up to go to the bathroom in the dark.

And what about the time on the shores of that huge lake in South Dakota where we pitched our little tent? He thought there was a nice spot back from the shore, in the shelter of some trees, but I loved the breeze off the lake and insisted we be right down by the shore. Who knew the breeze would get so much breezier in the middle of the night? My husband said if he hadn't seen it, he would never have believed anyone could fall asleep like that: standing up, hanging onto a tent pole while a 70-mile-an-hour wind threatened to blast us into Nebraska.

If you are a born loser like me, it will all sound familiar. The toy I insisted Santa bring had to be a King Arthur's Castle with 718 unmovable parts that Dad had to snap together on Christmas Eve and they snapped apart the next morning at the slightest breath. "Let's take the night train. It should be quieter and the kids might sleep." And instead, you sit up all night listening to some guy in a Duquesne University sweat shirt chanting his mantra so loud that nobody can sleep. You know the rest. His restaurants were all recommended by Duncan Hines. Yours serve hamburgers with cold pink

centers, and fishy - tasting french fries. His motels transport you to paradise in surroundings of velvet and satin. Yours have silverfish between the sheets and six-foot weeds growing out of the shower floor.

It wouldn't be fair to say I'm always wrong. But let's admit that just when I am absolutely sure my way is the right way, I get this creepy feeling that I'm about to prove once more that Father knows best.

Is Fuel Economy Important to You?

THEN DO YOURSELF A BIG FAVOR...
Visit Your Local Ford Dealer
Before You Buy!!

**HERE'S
WHY**

BULLETIN:
If you want the new car buy of a life time, hurry into your local Ford dealer today. He still has a few '75 models in stock that must be sold to make room for '76 model deliveries. No reasonable offer refused.

PINTO PONY MPG

38 MPG HIGHWAY, 25 MPG CITY*

Big room for four passengers, a 2.3 liter engine, 627 pounds more of road-tugging weight than Chevrolet Scooter. Yet Pinto Pony MPG still has EPA estimates of 38 mpg highway, 25 mpg city.

MUSTANG II MPG

34 MPG HIGHWAY, 24 MPG CITY*

The small sport personal car. Delivers EPA estimates of 34 mpg highway, 24 mpg city with its 2.3 liter, 4-cylinder engine. And it all comes wrapped up in a smart styling package.

MAVERICK

30 MPG HIGHWAY, 22 MPG CITY*

The perfect family car that's economical to drive, simple to park and service. And an EPA estimate of 30 mpg highway, 22 mpg city, with its 300 CID V-8 engine with manual transmission.

GRANADA

30 MPG HIGHWAY, 22 MPG CITY*

The car that captured the hearts of Americans last year. The best-selling newcomer in '75 brings EPA estimates of 30 mpg highway and 22 mpg city with its fuel-saving 200 CID V-6 engine with manual transmission.

TORINO

19 MPG HIGHWAY, 13 MPG CITY*

The great mid-size buy. EPA estimates of 19 mpg highway, 13 mpg city with a 251 CID V-8 engine with automatic transmission.

ELITE

19 MPG HIGHWAY, 13 MPG CITY*

A free road car in the mid-size class. EPA estimates 19 mpg highway, 13 mpg city with a 351 CID V-8 engine with automatic transmission.

LTD

19 MPG HIGHWAY, 13 MPG CITY*

Quiet, solidly comfortable, beautiful seating for six. And when on its economical ways with EPA estimates of 19 mpg highway and 13 mpg city with 351 CID V-8 engine and automatic transmission.

THUNDERBIRD

16 MPG HIGHWAY, 12 MPG CITY*

Elegant, stylish, a tradition in fine automobiles. New, with EPA estimates of 16 mpg highway, 12 mpg city with 360 CID V-8 and automatic transmission.

F-100 PICKUP

24 MPG HIGHWAY, 17 MPG CITY*

America's favorite pickup. World's first truck. Available with EPA estimates of 24 mpg highway, 17 mpg city with 360 CID V-8 6-cylinder and manual transmission.

*Your actual mileage will vary according to the way you drive, equipment and driving conditions.

FUEL ECONOMY HEADQUARTERS

FORD

**FUEL ECONOMY... LOW PRICE... HIGH TRADE-IN VALUE
AVAILABLE TODAY AT YOUR LOCAL FORD DEALERS.**

See your local Ford Dealer today. He's located in the Heart of America, next door to where you live.

There's an organization
working in the United States
determined to help us make
fewer of these and less of this.

It's NAPA, the National Automotive Parts Association. NAPA is the number one organization supplying automotive replacement parts in the United States.

And NAPA is right in step with the sweeping changes facing the automotive industry and the car owner right now.

NAPA has already taken positive, aggressive steps to meet the challenge of cleaning up our environment by supplying parts to keep our cars running longer and cleaner.

Today's critical energy shortage and new safety regulations offer additional challenges to the car owner. To better understand the various systems of your car, how they work, and how to keep them working, look for the NAPA sign where you'll find quality replacement parts and top technicians who have the know-how to use these parts in making lasting repairs. And, they can give you sound

advice on how to avoid those repairs again and explain how you can get more from your car. Let's become responsible about our cars. Together we'll make a lot less junk and pollution. And a cleaner United States.

Enrichment Classes To Display Work

With the ten-week Enrichment Term approaching an end, several of the Community School Programs' Enrichment Classes will be displaying their work.

All next week, from November 17 to November 20, the Oil Painting, China Painting, Introduction to Crafts, Cake Decorating, and Photography Classes will participate in an Art Show at the Grayling High School, in the cafeteria.

The public is welcome to drop in and view several oil works, pieces of beautifully painted fine china, different craft displays, decorated cakes, and examples of photography.

The Art Show will be open from 7:00 to 10:00 p.m., Monday through Thursday.

Other classes which are finishing up are Bishop Sewing, Slimnastics, Yoga, Belly Danc-ing, Spanish, First Aid, Real Estate, and Mens' Recreation.

The next Enrichment Term begins on January 12, 1978, so there is still time to call the Community School Office and suggest classes you would like to take or teach. Call 348-7641, extension 27.

HUD Title I Explained

Marvin Lovett from the Detroit area information division of Housing and Urban Development (H.U.D.) will be in Gaylord, Mi. to explain title I Block Grants Thursday, November 20. The Northeast Michigan Regional Planning and Development Commission will host the hearings beginning at 9:30 a.m. in the Chalet Inn Game Room.

Title I Grants are community Development Block Grants for which some 5.3 million dollars has been allocated in Michigan for projects in non-metropolitan areas. The projects will be graded on a point system devised by H.U.D.

Project applications must be in the State Clearinghouse by the first week in December.

All county Commissioners, township supervisors, city and village managers and all locally elected officials are urged to attend.

More information may be obtained by calling the Northeast Michigan Regional Planning and Development Commission in Gaylord at 732-3551.

Notice Of Public Hearing

The Crawford County Board of Commissioners is holding a public hearing on November 14, 1975 at 2:00 p.m., and November 17, 1975 at 7:30 p.m., at the Crawford County Building, to explain, ask advice on and answer questions concerning community development needs and solutions.

If warranted, a Housing and Community Development application will be submitted to the U.S. Department of Housing and Urban Development for funding through the Housing and Community Development Act of 1974.

The public is urged to attend these meetings.

Fred Kauffman
Board Chairman

CARD OF THANKS

I would like to thank Sorenson Funeral Home, Drs. Dosch and Burkley, Father Toolis, Sisters Chris and Frances, the nurses and staff of Mercy Hospital and all our friends and neighbors for their expressions of sympathy in the death of my husband, William A. Hannah, who passed away October 25th at Mercy Hospital.

Gladys Hannah

Lovells News

By Ruth Caldwell

The Lovells Hook and Trigger Club will sponsor a homemade sour dough and buttermilk pancake and sausage supper Friday, November 14, from 6:30 to 8:30 at the Town Hall. All you can eat — Adults, \$2.50, Children, \$1.25. Everyone is invited.

Mrs. Russell Caldwell visited her sister, Mrs. Manda Lutz, in Battle Creek.

Mrs. Marie Doby and Mrs. Shirlee Lambert spent a couple of days with relatives in Midland.

Mr. and Mrs. Tom Morris spent the weekend with their daughters and families in Saginaw and Kawkawin.

Mr. and Mrs. Rene Fortier are the new owners of the Lovells Bar. It will be known as the Lovells Riverside Tavern. We welcome Mr. and Mrs. Fortier and family to our community.

The Chapel Guild met at the Ladies Club Room last Wednesday with 12 members and one guest present. Following: a potluck luncheon, a business meeting was conducted by the president, Hazel Koernke. Devotions were led by Mildred Johnson. Hostesses were Marvel Armstrong and Ruth Caldwell.

Mr. and Mrs. Bill Koernke returned home Saturday after visiting their daughter and family, Mr. and Mrs. Tom Stalker, and their son, Jim.

Senior Citizens Day will be Tuesday, November 18, at the Town Hall, starting at 10 o'clock, dinner at 12:00.

Mr. and Mrs. Matt Caldwell and son, Bill, of Lakeview spent the weekend with relatives.

The Cheerful Givers Club will meet Thursday evening. Bring your scissors. Potluck.

Mr. and Mrs. Pat Harwood were weekend guests of Mr. and Mrs. Wally Liebold at their home in Grosse Pointe. On Sunday they attended the Lions and Cleveland game.

There will be bingo games at the Town Hall Saturday evening starting at 8:30.

Deer Hunters

(Continued from page 1)

periods in the Lower Peninsula only, although the general rule specifies that hunters may take only one buck a year.

But why is Arnold so optimistic about the overall 1975 deer season?

"There are more hunters and more deer," he notes. "It's as simple as that."

In 1974, over 92,000 deer were taken by lucky hunters among the 685,000 who purchased licenses. In 1975, Arnold and other DNR wildlife specialists anticipate a greater number of hunters and a larger deer harvest.

The firearm season starts out on a bright note — opening for the first time in several years on a Saturday, giving more hunters than normal an opening day shot — and there should be more venison to aim at.

DNR wildlife biologists, who monitor deer numbers year-round, say Michigan's deer population exceeds the one million mark for the first time in nearly two decades — due to a combination of successful habitat management programs by the DNR, an active commercial timber market in some parts of the state, plus mild winters in recent years.

Arnold says these factors have generally developed a better food supply for deer.

A cut-back in antlerless deer hunting in many northern counties has permitted the deer herd to expand on this additional food supply.

"DNR specialists are quite certain that the deer herd in the Upper Peninsula is the largest in four years," says Arnold. "Surveys of the 33 northernmost counties of the Lower Peninsula show that deer numbers are probably the best in many, many years. In fact, based on our spring pellet counts, deer numbers in this part of the state haven't been greater since 1956. And sadly, deer-car accidents have increased 14 per cent already this year over 1974 when 4,647 deer were killed."

"There are also more deer in southern Lower Michigan," he continues. "There are more farms in this part of the state, giving the deer a better opportunity to keep a full stomach. But there seems to be a lot of corn standing in southern Michigan and the deer can easily hide in cornfields. If the corn is cut and if hunters get tracking snow, the southern Michigan sportsman should have the best deer season that they have ever had."

Back in the Upper Peninsula, the DNR expects hunters to harvest as many bucks this year as in 1974 when 14,930 were taken (the best season since 1969).

In northern Lower Michigan, 56,000 bucks were taken last year — 20,000 more than in 1973 and nearly double the harvest during each of the three years before that. The 1975 outlook? Better than 1974, says Arnold.

A similar trend exists in southern Lower Michigan where an all-time harvest of 15,900 bucks was recorded in 1974. Arnold states that 5,500 deer were killed during the same year in deer-car accidents. A 21-per cent increase in those types of accidents has occurred in the first 10 months of 1975.

THE LATCH HOOK

Fashion Fun • Fashion Easy

- EASY AS 1-2-3**
Latch Hook is the easy 1, 2, 3 way to make beautiful hook rugs, pillows and wall hangings to match any decor.
- CONTEMPORARY COLORS AND DESIGNS**
Columbia-Minerva has created exciting designs in today's bold, bright colors. The collection offers a vast selection that the Latch Hooker can match to any color scheme from the varied range of pre-cut yarns available.
- "ADD A UNIT"**
The "add-a-unit" concept allows a theme to be repeated from one unit to several in order to create an integrated design motif in a pillow, hassock, hallrunner, rug of any size and wall hangings. Or, whatever the imagination creates. And, it's all beautifully coordinated to fit the individual's own decorating ideas.
- START NOW AND ADD A UNIT LATER**
Latch Hookers need to buy only one or a few patterns to start. The rest can be bought at your leisure. The 100% cotton canvas pattern is printed in color (color combinations can be created by the individual) and includes easy to follow instructions. Rug yarns are color-fast, easy care Monsanto Acrilan produced in matched dye lots, which means the color is always the same.

Snowmobile Safety Class At New High School

With the co-operation of Howard Taylor, the Crawford County Sheriff Department will hold a snowmobile safety class for all youngsters 12 years old or older.

This is the second in a series of classes to be offered by this department, with meetings each day November 17th through November 21st, 1975 from 3:30 to 4:50 p.m. at the new High School on Old 27 north.

Classes will cover the safe operation of a snowmobile, trail emergencies and Michigan law relating to snowmobiles. The class is aimed at those youngsters who need to earn the certificate in order to ride a snowmobile without parent supervision, however, all adults are urged to attend.

Classes will be limited to twenty four students. To have a spot reserved for you, please contact Deputy Coe at the Sheriff Department by calling 348-6341. The Classes are free of charge!

Bits O' Talk

by Fay Bovee

Mike Nielson of Romulus has returned home after spending a few weeks visiting his grandmother, Mrs. Florence Stephan, and aunt and uncle, Carol and Lacey Stephan and family, while recuperating from major surgery on his ankle.

Mr. and Mrs. James Granger and son, Alan, of Cadillac spent the weekend with his father, Mr. and Mrs. George Granger.

Mr. and Mrs. Jack McClain of Sand Lake were here from Sunday to Wednesday of last week, coming to attend the funeral of his mother, Carrie McClain.

Mr. and Mrs. Lee Randall of Caro paid a surprise visit to their cousins, Mr. and Mrs. Cecil Canfield last Thursday.

Mr. and Mrs. Nelson Volmer of Dearborn visited Mr. and Mrs. Ernest Larson over the weekend and also spent part of their time at their cabin on Cannon Creek.

Mrs. Ronald Larson and girls spent the weekend in Flint visiting her sister, Fran Hebel.

Mr. and Mrs. Herbert Stephan spent from Wednesday to Sunday with Mr. and Mrs. Warren Vailad of Kalkaska on the Manistee River at Sharon doing some bird hunting. Mrs. Ernestine Church and son, Gary, joined them for dinner on Saturday evening.

Editor's Mailbox

November 7, 1975
Editor
Crawford County Avalanche
Grayling, Michigan
Dear Editor:

After reading the articles from two concerned parents in the last two issues of the Crawford County Avalanche, concerning the beginning starting on band instruments, I feel it is time to explain the matter of starting 5th grade musicians in our school.

In the Fall of the year, two salesmen from the Marshall Music Co. of Lansing, Mich., are given permission from the music department and administration to visit the homes of prospective 5th grade students. These salesmen are instructed not to pressure any parents in any way, but to test the student, and suggest what instrument would be best for them. There is a renting period in the purchase agreement of three months. After this time the instrument may be turned back in, if the student is not progressing. The cost is \$10 to \$12 per month, according to the type of instrument used. These payments may be applied to the cost of the instrument if a purchase is desired. No student is ever refused lessons if they do not purchase the instrument shown by the salesman. The gamble on the use of the instrument for three months, is \$30 to \$50, which isn't too bad, due to the fact that lessons are given 5 days per week. Also, there is extra time spent before and after school with no charge to the student.

In the first article, the concerned parent says, "too many wanted to play in the band." This in itself speaks up for the fine beginner program that we have. The flute was mentioned as being cheaper to play. This is not true. I also believe that two concerts are plenty for the students, because of so many other things that are going on. More concerts would place a pressure on the young students.

Another quote from the first letter, "all the rest of the time was spent learning to play." This certainly speaks out again for time spent by the school (and teacher), in making this a fine program.

By using second hand instruments, many inferior horns are brought to the band director, and he must perform a miracle and teach the youngster on an instrument that is difficult for them to play.

If you are wondering about the program please visit the band room from 8:10 to 8:45 a.m., or, after school. You will see and hear many students practicing until you can hardly hear yourself talk. This year, we have a record 70 students starting in music. This also speaks for the type of program offered.

I have many conference periods open for parents - the two concerned parents should communicate with the music teacher more, and perhaps, solve the headaches that they mentioned.

Sincerely yours,
LeRoy H. Christian
Middle School Band Director

"Prisoner of Second Avenue" To Be Presented December 5-6

"The Prisoner of Second Avenue" will be presented by the River Country Players on December 5 and 6 at the Grayling High School Auditorium. The play deals with the pressures of life in a large city like New York and one couple's inability to cope with it. Mel and Edna Edison seem plagued by disaster. You'll be hearing more about them in future articles.

When things seem to be about as bad as they can get for Mel and Edna, Mel's family enters the scene. Mel's three sisters, Pauline, Pearl and Jessie have come to New York to decide on what help they can offer. As you will see, things can and do get worse.

Jessica is played by Gloria Alef, at left in photo, a veteran of the River Country Players production, "The Mouse Trap". Gloria graduated from Grayling High School and majored in Speech and Drama at Alma College. While there, she appeared in "Seventeen" and "Lost Horizons".

Jan Grandmason, at right, is playing Pearl in her first stage appearance. Jan graduated from Handy High School in Bay City. She is the mother of three children and has lived in Grayling for three years.

The part of Pauline is played by Jody Landsperger, center. This is also Jody's first play. She has lived in Grayling four years, where she moved after graduating from West Bloomfield High near Pontiac.

This Neil Simon comedy is presented by permission of Samuel French, Inc.

Hunting And Fishing Report

(By "Skip" Madsen)

As everyone probably knows, November 15th starts Michigan's firearms deer season. Thousands of hunters, all dressed in "red", "yellow" and "orange" will flock to the North to pit their skills against the whitetail buck, one of the hardest of all big game animals to fool.

I have been out scouting this past week. The deer seem to be everywhere with some starting to move into the swamps.

As cold weather brings on the rutting season, be careful on the highways, as lots of deer are getting killed.

Gymnastic Show Held

Mike Wieland's and Miss Eileen Olson's gymnastic classes combined to perform a gymnastic show for the school on Thursday, October 27th during 8th hour. A 25 cent ticket paid your way out of 8th hour and admitted you to the show.

The show started out with the participants doing a few simple rolls. Then the gymnasts thinned out when back extension and back walkovers were performed.

Afterwards, individuals attempted more difficult movements. Tanya Solja and Angie Pihl did a back handspring off Mr. Wieland's arm, followed by Tim Hart and Randy Calkins doing back flips from the mini-tramp to the mat. Dave Barber and Scott Coe did running flips without the use of their hands.

Front walkovers were popular among the audience. Cindy Pelt challenged Shelly Fick in a front walkover race. Shelly was defeated when Cindy did ten of them in a row.

After the mat work was finished, the mini-tramp was brought out. The gymnasts lined up, and performed a few simple front flips, front hand-springs, and flips off the mini-tramp. Other feats from the mini-tramp included one and one half flips, back flips, pike flips and the splits.

Angie Pihl and Janet Kucharek performed back and front rolls, the splits and front walkovers and dismounts gracefully on the balance beam.

The hit of the gym show was when Scott Coe and David Barber walked on their hands across the gym floor. Scott Coe crossed the entire gym floor while David tired half way across.

To end the gym show, the big tramp was brought out. Randy Calkins, Tim Hart, Janny Gates and Jerry Weiss all did a wonderful job on the tramp. Front, back, and one and one half flips were performed.

The gym show was presented to a fairly large crowd. Another gym show is being planned.

Service Couple Visit Here

Pictured above are Mr. and Mrs. Bob E. Smith, who recently spent 10 days visiting in this area while on furlough from Ft. Bragg, N. C. Mary is the daughter of Mr. and Mrs. Charles R. Barber. Bob is from N. Little Rock, Ark., and this was his first visit to Michigan. The couple were married in February, 1974. Both have attained the rank of E-5 (Sergeant) after two years in service.

Road Commission Minutes

October 30, 1975

A special meeting held to attend a meeting of the Vacationland Conference of Commissioners, Engineers and Superintendents held in Isco County. Commissioners Harold T. Johnson and Ervin E. Richter and Engineer Manager John M. Keir attended the meeting.

/s/ Harold T. Johnson, Chairman
/s/ Florence S. Douglas, Secretary

October 31, 1975

A regular meeting of the Board of Crawford County Road Commissioners held in their office in Grayling, Chairman Johnson presiding. Members present, Commissioners Harold T. Johnson, Ervin E. Richter, and LeRoy Millikin, and Engineer Manager John M. Keir. Absent, none.

The minutes of the last regular meeting were read. A motion was made by Comm. Millikin, supported by Comm. Richter that the minutes be approved as read. All voted in favor, motion carried.

Voucher No. 572 covering Payroll No. 22 in the amount of \$15,221.15 and Vouchers No. 573 to 612 covering Materials in the amount of \$12,270.13 were presented for approval. A motion was made by Comm. Richter supported by Comm. Millikin that Voucher No. 572 to 612 be approved and warrants drawn in their respective amounts. All voted in favor, motion carried.

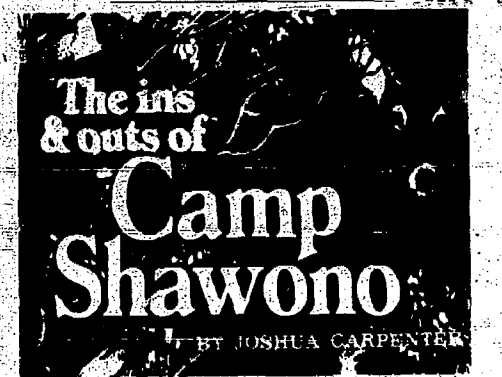

A letter was received and read from Charles Millner, Attorney regarding plowing of private roads.

Eng. Mgr. Keir reported on a meeting with a consulting engineer regarding completion of the roads in UppNorth No. 3 and Twin Peaks No. 1.

Eng. Mgr. Keir also reported on a meeting held in Alpena regarding Federal Aid Secondary Funds.

There being no further business a motion was made and supported to adjourn. All voted in favor, motion carried, meeting adjourned.

/s/ Harold T. Johnson, Chairman
/s/ Florence S. Douglas, Secretary

Grayling Citizens Advisory Committee Meeting Tuesday, October 7, 1975.

Members present: Cal Knowles, Sister Chris, Cathy Kraus, Helen Moon, Dick Lattimer, Tom Hazen and five boys from the camp and George Wallace, Senior volunteer.

Tom Hazen gave the monthly report: 10 new boys, 11 released. The Grayling volunteers that have been helping: Sister Chris, Sister Francis, George Wallace, Howard Fellers, Marion Wright, Matilda Paulsen, Loretta Bouchard.

The Grayling volunteers gave over 255 hours to the boys in September. Bill McIntosh has been helping the boys in photography and Doc Stoddard and Mr. Curtis have been helping the boys in lapidary.

Ballfield progress - the infield has been seeded, work is proceeding on the outfield, and materials have been ordered for the backstop. The road to camp is being widened with two crews of boys (10) cutting the trees. The County Road Commission will do the bulldozing in an effort to raise the level of the road.

Lattimer mentioned that the Camp Shawono brochure is at the printers and will be sent to Probate Judges, potential campers and County Department of Social Services.

The boys from the camp council reported that everything was going smoothly. Lattimer asked about a follow-up study of boys after leaving camp other than the statistics already being gathered. Hazen will check on the progress of the suggestion and report back.

Cathy Kraus asked about the status of boys upon their release. Tom Hazen explained there are several types of release, depending on the situation. Cathy asked the boys from camp council whether they would be willing to fill out a follow-up report about six months to one year after release. They responded that they would be willing.

It was suggested that the boys provide some input into the follow-up report. It was also felt we should have the questionnaire from a year ago (on the areas of interest) repeated for the new boys in camp.

The Camp Council will review the questionnaire and make suggestions. Bill Ellingboe felt the follow-up report would be helpful to the Dept. of Social Service in evaluating the total program. It should also cover the entire judicial system, not only the camp experience.

Cathy suggested a bulletin board stressing the areas that the boys have interacted in the community. It was suggested that we have the slide program running during the open house with a sign up sheet. Mrs. Kraus asked about recognition of the boys that completed GED and also the volunteers. Bill Ellingboe suggested that someone from the boy's home area be invited. It was suggested that the recognition include vocational as well as educational goals. Tuesday, December 2nd was set as the first recognition dinner. Mrs. Kraus will be chairperson.

Cal Knowles reported on the recruiting program. The military recruiter from Camp Grayling will be glad to come out three or four times a year. All military services will be invited to participate.

It was suggested that the boys attend a career day. Helen Moon will check with the high school on the possibilities and also with other persons in the community on sharing knowledge about their line of work with the boys.

Engaged

Mr. and Mrs. Donald Campbell of Grayling wish to announce the engagement of their daughter, Debra Elaine, to Dennis Robert Wakeley, son of Mr. and Mrs. Robert Wakeley, also of Grayling. A summer wedding is being planned.

Airman McClain At Kincheloe

RANTOUL, ILL.—Airman Daniel L. McClain, son of Mr. and Mrs. Jim McClain of 507 Ogema St., Grayling, has graduated at Chanute AFB, Ill., from the U.S. Air Force aircraft mechanic course conducted by the Air Training Command.

The airman, who learned to maintain and service multi-engine jet aircraft, is being assigned to Kincheloe AFB, Mich., for duty with a unit of the Strategic Air Command. Airman McClain is a 1974 graduate of Grayling High School.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Mr. and Mrs. Charles E. and Family

NOTICE

SERVICES FOR PERSONS UNABLE TO PAY THEREFOR

"Mercy Hospital," 1100 Michigan Avenue, Grayling, Michigan 49738 has certified that in the current fiscal period from July 1, 1975 to June 30, 1976 it will not exclude any person from admission on the grounds that such person is unable to pay for needed services, and that it will make available to each person so admitted services provided by the facility without charge or at a charge which does not exceed such person's ability to pay therefor.

The services set out above meet the presumptive compliance guidelines of the Federal regulations.

Copies of the criteria used for identifying persons unable to pay for services may be obtained from: Michigan Department of Public Health.

Records and documents on the basis of which the above decision was established are available for public inspection at 3423 North Logan Street, Lansing, Michigan between the hours of 8:00 a.m. and 5:00 p.m. on regular business days.

Bride Elect

Mr. and Mrs. Clarence LaMotte wish to announce the engagement of their daughter, Cindy Kay, to Clark E. Wilcox, son of Mr. and Mrs. John Wilcox, all of Grayling. Clark is presently with the United States Marine Corp., stationed in San Diego. A January 10th wedding is being planned.

Engagement

Mr. and Mrs. Walter LaMotte of Grayling would like to announce the engagement of their daughter, Christine Ann, to Bvt. William D. Goudreau, son of Mr. and Mrs. William D. Goudreau of Hesperia. Wedding plans are indefinite.

To Wed

Mr. and Mrs. N. A. Svensen of Beaumont, Texas announce the engagement and forthcoming marriage of their daughter, Karen of Grayling, to David P. Ross, son of Mr. and Mrs. David W. Ross, also of Grayling. A December 6th wedding at St. John Lutheran Church is being planned.

your week ahead BY DR. A.W. DAMIS

Forecast Period: November 16 to November 23

ARIES Mar. 21-Apr. 19

Don't repeat what you hear this week. However, you will be able to draw valid conclusions from the gossip and rumors coming your way—through a third party.

TAURUS Apr. 20-May 20

There might be something questionable about a member of the opposite sex's actions. Anyway, don't jump to conclusions—the old "cat and mouse" game shows in your chart.

GEMINI May 21-June 20

Mentally, most members of your sign should be sharply honed. No question about it, competitively, you'll hold an edge on the pack.

MOONCHILD June 21-July 22

During this week's cosmic cycle, you might prove to be your own worst enemy. Your so-called intuition or ESP—might mislead you.

LEO July 23-Aug. 22

Look for added responsibilities. It seems as though your job, task or project will move along at an accelerated rate.

VIRGO Aug. 23-Sept. 22

It, most certainly, is not the time to become involved in long term debts or obligations. Bluntly, opportunity will not arrive in the form of an investment!

LIRRA Sept. 23-Oct. 22

A series of favorable events will improve your job, task or project. Also, there's good advice coming your way from a member of the opposite sex.

SCORPIO Oct. 23-Nov. 21

There's a bit of flattery, admiration and nourishment for your ego, in the general scheme of things. Favorable trends among your associates is indicated.

SAGITTARIUS Nov. 22-Dec. 21

You're entering a period when you'll appreciate the simple things in life. Actually, reversals, during this period, will not effect you...not in the least!

CAPRICORN Dec. 22-Jan. 19

Old methods and procedures will have to go. Most members of your sign should take advantage of a new opportunity, in the offering.

AQUARIUS Jan. 20-Feb. 18

Take care! A breakdown in communication is indicated. Faulty information, a delayed phone call or an unread letter could trigger unfavorable events.

PISCES Feb. 19-Mar. 20

New faces or, perhaps, new surroundings, in one form or another, will cause most members of your sign to forget past problems and reversals.

SENIOR CITIZEN DINNER DANCE—Everyone had a smashing good time at the Senior Citizen Dinner Dance held October 28th. The Legion Auxiliary ladies served a scrumptious roast beef dinner, and we all thoroughly enjoyed listening and dancing to the Genesee County Senior Citizen orchestra, pictured here.

Our eldest resident, Mrs. Ida Ellingsworth was honored with a bouquet of roses and she had a very good time at the party. This has been our third dinner-dance with the Genesee orchestra and each one has been better than the last one and we are looking forward to seeing them again in the spring.

MS Chapter Elects New Officers

Nubs Nob Ski Resort near Harbor Springs was the scene of the Fall Rally of the Northern Branch Chapter of the Michigan Multiple Sclerosis Society.

Edwin Fettig of Petoskey was elected chairman of the Northern Branch of the Multiple Sclerosis Society. Mr. Fettig will be assisted in his duties by his wife Carolyn who was elected co-chairperson.

Mrs. Robert Kelly of Grayling was elected Treasurer and Ms. Pat Wiseman of Grayling will continue as Secretary of the group. Named to the Board of Trustees was Robert Kelly of Grayling.

Multiple Sclerosis or MS as it is better known has been termed the crippler of young adults — normally attacking young people in their prime of life, most often between the ages of 20 and 40.

Multiple Sclerosis is a neurological disease — a disease of the central nervous — the brain and spinal cord. It is not a mental disease, nor is it contagious. Approximately 400 residents of Northern Michigan are MS'ers.

Although an extensive research program is being carried on by the National Multiple Sclerosis Society the cause and cure for Multiple Sclerosis are not known.

For more information about the Northern Michigan Branch Chapter or Multiple Sclerosis contact Pat Wiseman or Mr. and Mrs. Robert Kelly of Grayling or phone 348-7572 or 348-9080.

Girl Scout Council Meets

Big Waters Council held its fall council meeting Wednesday evening at the Alpena Civic Center. First class scouts Karen Adams, Cindy Precord, Kelly Robinette, and Mary Skiba led the opening ceremony. Major Ronald Lenon of the Salvation Army gave the invocation.

Mrs. Eileen Raymond, retiring president, opened the meeting. Reports were given by Mrs. Rodney King, Secretary; Mrs. Anthony Bianchi, Field Vice President; Mrs. Marlin Thomas, Cookie Chairperson, and Mrs. Michael Dennis, Program Committee Chairperson.

Mrs. Leonard Kollien conducted the elections. Michael Dennis, President; Thomas Ritter, Vice President; and Mrs. Onalee Kling, Secretary were elected officers of the council. Board members selected were Mrs. Fred Licketig, Gaylord; Mrs. Richard Latimer, Grayling; Mrs. Michael Dennis, Alpena; Mrs. Albert Kesteloot, Grayling; and Mrs. Karen Thomas, Lachine. Filling vacancies on the nominating committee are: Rev. William Evans, Dr. Thomas Bell, Mrs. Paul Brooks, and Mrs. Alvin Laseck.

National Delegate, Mrs. Onalee Kling, led a discussion of the proposals which will be decided upon at the National Convention in Washington, October 25-29.

Reporting on events were scouts Lori Frechette, Ann Taylor, and Nancy Tripp. Camp reports were given by Mrs. John Tobin, Gaylord; Mrs. Paul Brooks, Grayling; Mrs. Rodney King, Cheboygan; and Mrs. Onalee Kling, Cheboygan.

Special recognition was given to retiring volunteers Mr. and Mrs. Rodney King, Mrs. Pearl Nickles, Mrs. Alvin Bartow, and Mr. Charles Reagle. A special thank you was extended to retiring president Mrs. Eileen Raymond for her dedicated years of service to the scouts.

Students

(Continued from page 1)

raising activities to make this dream a reality. Student must qualify scholastically as well as being an outstanding citizen. The students are putting a large amount of effort and enthusiasm into reaching their goal. This is the first opportunity for students of Grayling to travel abroad other than through exchange programs. If successful, further travel is possible in future years.

Thursday, November 13, 1975

CAMPBELL'S COGNAC CARE NURSING—Ena McCavara of Mercy Hospital last night completed a two week course in Pediatric and Neonatal care nursing. The program, which ran from 10:29 to 11:17, was a presentation of the Michigan Heart Association and is designed to prepare nurses to care for heart patients. Last year for the first time in recent history, the number of deaths due to heart disease was reduced. This was due in large measure to improvements in care of heart patients. The Heart Association is a United Way Agency. Shown here are Michele Escher of Dearborn and Ena McCavara of Grayling, practicing a technique known as cardiopulmonary resuscitation, a way of re-starting the heart after it has stopped beating.

New Program To Help Pre-Schoolers

The Crawford County School District has contracted with the Grayling Cooperative Nursery to provide an afternoon pre-school program. This includes classes for 40 children who will spend the first of four before December 1. The program will be held under the Title I Federal program.

Hunters Note

Pancake Supper Friday, November 14
The Lovells Hook and Trapper Club is sponsoring a Home-made Buttermilk & Sour Dough Pancake and Sausage Supper Friday, November 14, at the Lovells Town Hall. All you can eat. Adults, \$2.50. Children, \$1.25. Serving will be from 6:30 to 8:30.
